

“ Sponsorship of association contributes to commitment, participation and personal fulfilment. It helps us to go out of our comfort zone and appreciate more what we have. You receive more than you give.

Alberto Sanchez - Axians, VINCI Energies
Sponsor at Frederico Ozanam - non-profit working on a project to close the digital divide among young people in Barcelona

”

“ The VINCI Foundation in Germany will become ten years old in 2020. I can only recommend to my colleagues, in all countries where VINCI is present, to create their own Foundation. The foundation is a perfect tool to live the VINCI values on a daily basis.

Rainer Beisel - Chairman of the board, VINCI Foundation in Germany

AN INTERNATIONAL NETWORK OF LOCAL VINCI FOUNDATIONS

There are 13 VINCI foundations and endowment funds working to foster social and professional integration in Europe today. They support all their projects in two ways: with financial contributions and their employees' talents and time.

In 2018, 700 VINCI employees worked on local civic initiatives through the Group's foundations.

All VINCI foundations and funds believe in the **same values** and speak with one voice through their **integrated network**, which is growing world-wide.
